

Getting Started with the: **UNCDataverse**

Step 1: Go to:
<https://dataverse.unc.edu>

Step 2: Login/Create Account
open to UNC & non-UNC users

Step 3: Create your Dataverse
for your own research, project, journal and more

Step 6: Publish Dataset + Dataverse
for others to find, cite, reuse, and reproduce analyses of your research

Step 5: Upload Data Files + Documentation + Code
any format or # of files, with max of 2GB/file, with more features for certain formats (SPSS, Stata, R, Excel, FITS)

Step 4: Create a Dataset
describe the dataset to receive a formal data citation (w/persistent URL) for others to discover and cite your work (*required fields are title, author, contact, description, and subject, plus optional fields*)
